

Standard Library Shelving

Brownbuilt

5 YEAR WARRANTY

Product Description

Brownbuilt free-standing library shelving is designed to provide efficient and economical library storage and display facilities.

Flexible design layout and a wide range of accessories ensure storage versatility and utilisation of available space. Uprights are double-punched to allow independent, adjacent shelf positions with 20mm vertical height adjustment.

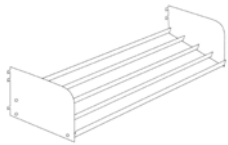

Ease of installation and dismantling means that Brownbuilt library shelving can facilitate expansion, contraction or re-location of storage.
