5 YEAR  
WARRANTY

## Product Description

These multi-functional storage units suit personal or communal file access and provide additional work surfaces or work area partitions.

The cabinets have been designed for optimal load carrying capability with welded internal cabinet and base frames. The ball bearing runner system extends smoothly even when fully loaded to allow complete access to each drawer.

Drawer hanger rails can be configured for either left to front, or front to rear filing. Designed to provide superior operator safety, the cabinet utilises a drawer lock-out Anti-Tilt mechanism that allows only one drawer to be open at a time.

### Standard Features

- Drawer lock-out Anti-Tilt system
- Single point gang locking
- Slim line cabinet carcass
- Suitable as an extra work surface or workspace partition
- Integrated adjustable suspension hanger frames can be installed to suit allow foolscap file storage either front-to-rear or laterally across the full width of the drawer.
- Robust cabinet frame
- 900mm wide floor plan footprint
- Concealed levelling feet
- Full height painted drawer body
