

# *Pallet Racking*

# Brownbuilt

## 5 YEAR WARRANTY

### *Product Description*

Optimising warehouse storage is of primary concern to most organisations and Brownbuilt Pallet Racking has been designed to meet every warehouse need with proven durability, safety and flexibility.

Selective and Drive-In Racking systems enable maximum space utilisation and economic warehouse storage.

# Selective Pallet Racking

## Why you should buy Brownbuilt Selective Pallet Racking

### 50mm vertical beam adjustment

Means greater flexibility and space utilisation than the alternative 75mm adjustability.

### Unique 'keyhole' connection

Between beam and column provides greater rigidity, strength and allows for easy adjustment.

### Australian made product

Peace of mind that you are buying an Australian made product with local support.

### Safety snaplock design

Means that an attached beam holds firm, preventing accidental dislodgement.

### Corrosion-free galvanised columns

Standard throughout the range.

### 5 Year Warranty

Our Pallet Racking is warranted to be free from defects in materials and workmanship for 5 years from purchase date.

## Uprights

Brownbuilt manufactures upright column sections with varying profiles and grades of high tensile steel to accommodate differing load requirements. Brownbuilt uprights are produced from corrosion-resistant, galvanised steel in both standard and custom lengths.

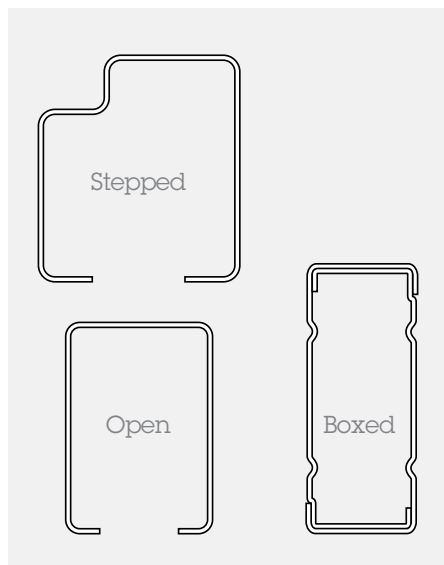

## Beams

Brownbuilt offers a complete range of standard beam sections and lengths to suit individual applications, pallet sizes and weights. Brownbuilt beams are easily adjusted without the use of tools and are finished in durable Safety Orange powder coat.

### Standard Lengths:

1370 / 2590 / 2740 / 3050 / 3660

## Connectors

All Brownbuilt beams feature welded beam brackets.

Three bracket designs are used to suit differing beam loads:

- Two stud
- Three Prong
- Four Prong

The tapered edge of Brownbuilt keyhole connections prevents binding between the bracket and upright and all beams are fitted with Brownbuilt's positive-locking safety clips, which are designed to automatically engage and hold beams in position, preventing accidental beam dislodgement.

Superior materials. Exceptional build quality. Outstanding support.

The choice for  
over 125 years  
in Australia

Brownbuilt has been an industry pioneer since 1885 and is responsible for many of the technical innovations used in storage systems today. Brownbuilt's reputation as a leading manufacturer and supplier of office and industrial storage systems is born of a philosophy of continued investment in modern technology and the highest quality components available. Brownbuilt's Selective Racking system has been developed to maximise storage efficiency in a cost effective and safe working environment.

## Comprehensive range of accessories

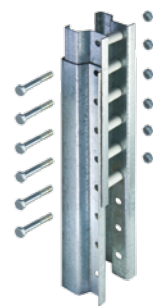

Sacrificial Column Guard

Floor Guide Rails

Column Splicing Kits

Fork Entry Bars

Heavy Duty Row Spacers

Light Duty Row Spacers

Standard Column Guard

Heavy Duty Front To Back Support

Drum / Coil Bed

Safety Load Signs

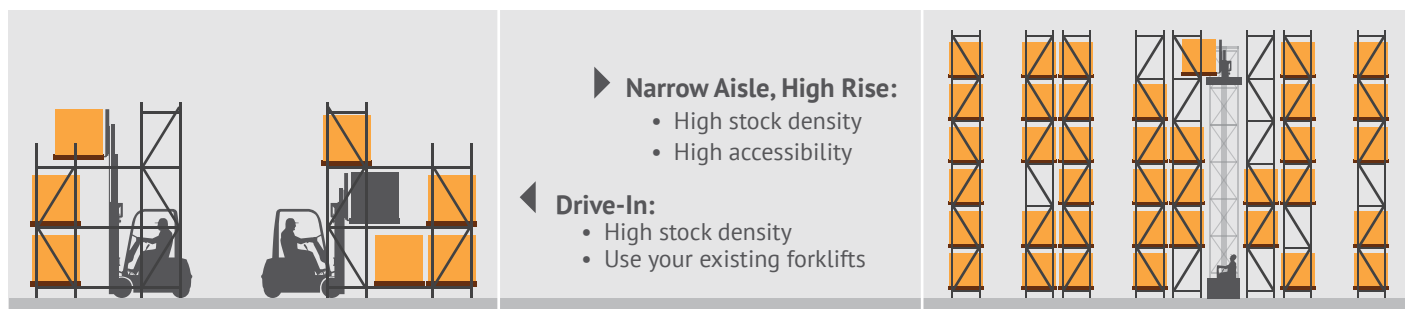

Light Duty Particle Board Support

Particleboard Retainer Clip  
(Boxed beams)

Brownbuilt pallet racking equipment can be installed in a range of configurations to suit the unique requirements of every storeroom. Traditional selective pallet racking, drive-in, high rise and narrow aisle options are available – the ideal solution depending on rate and order of stock rotation, warehouse height and floorspace, storage density and capital availability.

## Selective Pallet Racking Specifications

### Uprights

TYPE	WIDTH	DEPTH
16RC	90mm	72.6mm
20RC	90mm	73.0mm
24RC	90mm	72.4mm

### Beams

TYPE	WIDTH	DEPTH	DESIGN
RB121	80mm	70mm	STEPPED
RB050	50mm	50mm	OPEN
RB075	50mm	75mm	OPEN
RB095	50mm	95mm	BOXED
RB100	50mm	100mm	BOXED
RB112	50mm	112mm	BOXED
RB127	50mm	127mm	BOXED
RB150	50mm	150mm	BOXED

## Ten reasons to choose Brownbuilt

1. Industry pioneer for over 125 years.
2. Australian Owned Company.
3. Superior Design - Safety snaplock system.
4. One System - Many configurations.
5. Cost effective.
6. 5 Year warranty.
7. Exceptional build quality.
8. Outstanding pre and post sales support.
9. Brownbuilt is a Quality Endorsed Company.
10. Your peace of mind
