WARRANTY

Product Description

Brownbuilt Namco swing door cupboards have been designed to function in diverse environments to carry anything from stationery to light machinery parts and tools.

They can be configured as shelving units, multi-media storage units, wardrobes or as combinations.

Brownbuilt offers design strength that will stand up to the test of time.

Integrated door frames with welded tops, fixed bottom shelves and shelf load capacity of 110kg (UDL) ensure a strong and stable storage unit.

Standard Features

- Internal carcass assembly
- 3-point key activated locking system
- Internally fixed hinges
- Integrated structural door frame assembly
- Welded internal door stiffeners
- 25mm vertical shelf adjustment
- Wide range of filing accessories
- Wardrobe and combination wardrobe variants
